

**CRAFT: "The One Who Unites Hearts"**

Jesus is able to help us love all people. He can join two different hearts with the bonds of friendship and love.

**Articles Needed:** craft patterns, coloured pencils, scissors.

**How to Make the Craft:**

1. Cut out the pattern along the outer contour. Colour the craft on both sides.
2. Write your own name on one of the hearts, write down the names of those people who have offended you or to whom you don't express love on the other heart.
3. Fold the craft on the dotted lines so that the hearts will join.
