

# A Heart that Pleases God

Take 14 Popsicle sticks and glue them ahead of time for the children. Then cut out 7 long shirts like robes for the 7 brothers of David. The heads are any eyes or face stickers just to keep it simple.

David is a clothes pen with eyes and smile put on it. Then a scrap of material is used for his robe with a tiny X cut in the middle to go over his head a belt needs to be tied, a string or rubber band works good, I had some small wooden hearts with a hole in them so I put that on before tying it, since he has the heart that pleased God.

Now if you really want to get detailed I took two popcorn packing things and glued them together, then cut tooth picks in half for legs and a tail for the lamb, his eyes are wiggle eyes glued on broken off tooth picks.

I needed a Samuel and Jesse to complete the story so they are just pictures glued to a Popsicle stick.
